Teaching Methods	10: Discussion Method, 14: Self Study Method, 16: Question - Answer Technique, 19: Brainstorming Technique, 38: Care Plan, 4: Inquiry-Based Learning, 9: Lecture Method				
Assessment Methods	D: Oral Exam, E: Homework, H: Performance Task				
Lecture Schedule					
Sequenc e	Topics	Preliminary Preparation			
1	Introduction of the course, establishing the relation of the program outcomes of course learning Informing about clinical practice placesTeaching the skill lists prepared within the scope of the course				
2	Teaching the skill lists prepared within the scope of the course				
3	Clinical practice	Nursing care plan study			
4	Clinical practice	Pre-reading of the relevant parts of the course book			
5	Clinical practice	Article reading			
6	Clinical practice	Nursing care plan study			
7	Clinical practice	Pre-reading of the relevant parts of the course book			
8					
9	Clinical practice	Re-analysis of the topics covered by at lesson and investigation of the related web sites			
10	Clinical practice	Article reading			
11	Clinical practice	Nursing care plan study			
12	Clinical practice	Article reading			
13	Evaluation of the skill lists prepared within the scope of the course	Nursing care plan study			
14	Evaluation of the skill lists prepared within the scope of the course				
Evaluation Methods		Weight(%)			
Midterm Exam		40			
General Exam		60
