Assessment Methods	A: Traditional Written Exam				
Lecture Schedule					
Sequence	Topics	Preliminary Preparation			
1	Fire Risk on Board	Studying the related unit in the course material			
2	Runway Incursions	Studying the related unit in the course material			
3	Meteorology - Microburst (A strong downdraft of air)	Studying the related unit in the course material			
4	Stormy Approach	Studying the related unit in the course material			
5	Landings	Studying the related unit in the course material			
6	Letting down a VIP	Studying the related unit in the course material			
7	Aviation and Global Warming	Studying the related unit in the course material			
8	Fuel Icing	Studying the related unit in the course material			
9	Pressure	Studying the related unit in the course material			
10	Damage	Studying the related unit in the course material			
11	Emergency Descent	Studying the related unit in the course material			
12	Security	Studying the related unit in the course material			
13	Air Rage	Studying the related unit in the course material			
14	Suspicious Passengers	Studying the related unit in the course material			
Evaluation Methods		Weight(%)			
Midterm Exam		40			
General Exam		60
