

School of Business and Management Sciences / Aviation Management
2024 - 2025 Academic Year
BACHELORS DISSERTATION
Syllabus

Course Description					
Name	Code	Semester	T+A Hour	Credit	ECTS
BACHELORS DISSERTATION	HVY4213613	Spring Semester	3+0	3	20
Prerequisites Courses					
Recommended Elective Courses	Research Methods in Social Sciences				
Language of Instruction	Turkish				
Course Level	First Cycle (Bachelor's Degree)				
Course Type	Required				
Course Coordinator	Assist.Prof. İpek YAYLALI				
Name of Lecturer(s)	Assist.Prof. Oğuz YILDIZ, Assist.Prof. Fatih KARAMAN				
Assistant(s)					
Aim	The purpose of the graduation thesis; It is to enable the student to carry out and present a research project by using the knowledge and skills student has acquired in the past.				
Course Content	This course contains; Making a work plan with the supervisor,Research question and literature research,Research question and literature research,Research question and literature research,Method, thesis content and literature writing,Method, thesis content and literature writing,Method, thesis content and literature writing,Study timeline, method, thesis content and literature writing,Study timeline, method, thesis content and literature writing,Study timeline, method, thesis content and literature writing,Study timeline, method, thesis content, literature writing and references control,Study timeline, method, thesis content, literature writing and references control,Reading and checking together.				
Course Learning Outcomes			Teaching Methods	Assessment Methods	
1. Will be able to explain the general strategies of research and literature.			10, 9	A	
1.1. Gains individual working characteristics.			10, 9	A	
2. Will be able to plan a research with her advisor in line with her hypothesis.(diş			10, 14, 9	A	
2.1. Conducts research in databases.			10, 14, 9	A	
2.2. Determines and regulates title degrees.			10, 14, 9	A	
3. Will be able to apply literature review or data collection and evaluation methods.			10, 14, 9	A	
3.1. Gains in-depth knowledge on a subject of his choice.			10, 14, 9	A	
3.2. Prepares a summary for the project/final paper in accordance with the rules.			10, 14, 9	A	
4. The student will be able to gain the ability to apply concepts to field work (establish a relationship between theory and practice).			10, 14, 9	A	
4.1. The student gains individual experience in using the conceptual tools and skills gained throughout his undergraduate education in a planning process.			10, 14, 9	A	
5. Will be able to report his/her work.			10, 14, 9	A	
5.1. The student gains the ability to conceptualize, operationalize, and explain the subject by making use of theories by establishing cause-effect relationships.			10, 14, 9	A	
Teaching Methods	10: Discussion Method, 14: Self Study Method, 9: Lecture Method				
Assessment Methods	A: Traditional Written Exam				
Lecture Schedule					
Sequence	Topics	Preliminary Preparation			
1	Making a work plan with the supervisor	Preparing for the relevant subject from the suggested sources			
2	Research question and literature research	Preparing for the relevant subject from the suggested sources			
3	Research question and literature research	Preparing for the relevant subject from the suggested sources			
4	Research question and literature research	Preparing for the relevant subject from the suggested sources			
5	Method, thesis content and literature writing	researching the literature			
6	Method, thesis content and literature writing	researching the literature			
7	Method, thesis content and literature writing	researching the literature			
8	Method, thesis content and literature writing	researching the literature			
9	Study timeline, method, thesis content and literature writing	researching the literature			
10	Study timeline, method, thesis content and literature writing	researching the literature			
11	Study timeline, method, thesis content, literature writing and references control	researching the literature			
12	Study timeline, method, thesis content, literature writing and references control	researching the literature			
13	Study timeline, method, thesis content, literature writing and references control	researching the literature			
14	Reading and checking together	researching the literature			
Evaluation Methods		Weight(%)			
(Midterm Exam) interim report for mid-term exam		40			
Midterm Exam		40			
(General Exam) final report for final exam		30			
(General Exam) presentation		30			
General Exam		60
