- carry out advanced level of practice with differential diagnosis and therapy methods,		13, 14, 6, 9			
- define and diagnose neurological and functional voice disorders.		16, 5, 9		E	
- explains spasmodic dysphonia,		19, 6, 9		A	
- assesses voice clinically and functionally,		6, 9		E	
- explains psychogenic and other behavioral voice disorders,		10, 6, 9		D	
- performs psychodiagnostic interview and guidance applications in voice disorders,		19, 6, 9		E	
- diagnoses and treats voice disorders with structural origin,		11, 13, 9		A	
Teaching Methods	10: Discussion Method, 11: Demonstration Method, 13: Case Study Method, 14: Self Study Method, 16: Question - Answer Technique, 19: Brainstorming Technique, 5: Cooperative Learning, 6: Experiential Learning, 9: Lecture Method				
Assessment Methods	A: Traditional Written Exam, D: Oral Exam, E: Homework				
Lecture Schedule					
Sequence	Topics	Preliminary Preparation			
1	1. Voice disorders with structural origin	Reviewing weekly course contents and having some ideas about the course.			
2	2. Neurological voice disorders	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
3	3. Spasmodic dysphonia	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
4	4. Functional voice disorders	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
5	5. Clinical-functional assessment of voice and differential diagnosis in voice disorders	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
6	6. Application-practice	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
7	7. Approaches to therapy	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
8	8. Application-practice	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
9	9. Psychogenic and other behavioral voice disorders	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
10	10. Psychodiagnostic interview and guidance in voice disorders	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
11	11. Application-practice	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
12	12. Treatment of voice disorders	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
13	13. Project presentation	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
14	14. Overview	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.			
Evaluation Methods		Weight(%)			
Midterm Exam		50			
General Exam		50
