Course Description						
Name	Code	Semester	T+A Hour	Credit	ECTS	
SWALLOWING DISORDERS CLINIC: ADVANCED RADIOLOGICAL-INSTRUMENTAL ASSESSMENT and REHABILITATION STUDIES		DKTY1265560	Spring Semester	2+2	3	6
Prerequisites Courses						
Recommended Elective Courses						
Language of Instruction Turkish						
Course Level Second Cycle (Master's Degree)						
Course Type Elective						
Course Coordinator Prof.Dr. Saime Seyhun TOPBAŞ						
Name of Lecturer(s) Prof.Dr. Saime Seyhun TOPBAŞ						
Assistant(s)						
Aim Enabling students to acquire knowledge and skills in applications of dysphagia assessment and rehabilitation.						
Course Content This course contains; 1st Week: Introduction to dysphagia,2nd Week: Medical records and patient interview,3rd Week: Clinical swallowing examination I,4th Week: Clinical swallowing examination II,5th Week: Application,6th Week: Videofluoroscopic examination I,7th Week: Videofluoroscopic examination II,8th Week: Application,9th Week: Laryngoscopic evaluation of swallowing I,10th Week: Laryngoscopic evaluation of swallowing II,11th Week: Application,12th Week: Student presentations,13th Week: Student presentations,14th Week: Overview.						
Course Learning Outcomes			Teaching Methods	Assessment Methods		
- elaborate assessment tools and techniques in dysphagia.			12, 16, 9	D		
- defines rehabilitation tools, techniques and programs in swallowing disorders and evaluates swallowing disorders.			19, 6, 9	E		
- performs clinical examination applications aimed at swallowing disorders.			12, 14, 19, 9	A		
- explains videofluoroscopic examination methods.			13, 5, 9	E		
- performs laryngoscopic evaluation of swallowing.			21, 9	A		
- compares assessment tools and techniques in dysphagia.			10, 19, 6, 9	D		
- uses videofluoroscopic examination methods.			6, 9	D		
- defines clinical examination applications aimed at swallowing disorders.			10, 19, 5, 9	D		
Teaching Methods			10: Discussion Method, 12: Problem Solving Method, 13: Case Study Method, 14: Self Study Method, 16: Question - Answer Technique, 19: Brainstorming Technique, 21: Simulation Technique, 5: Cooperative Learning, 6: Experiential Learning, 9: Lecture Method			
Assessment Methods			A: Traditional Written Exam, D: Oral Exam, E: Homework			
Lecture Schedule						
Sequence	Topics	Preliminary Preparation				
1	1st Week: Introduction to dysphagia	Reviewing weekly course contents and having some ideas about the course.				
2	2nd Week: Medical records and patient interview	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
3	3rd Week: Clinical swallowing examination I	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
4	4th Week: Clinical swallowing examination II	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
5	5th Week: Application	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
6	6th Week: Videofluoroscopic examination I	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
7	7th Week: Videofluoroscopic examination II	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
8	8th Week: Application	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
9	9th Week: Laryngoscopic evaluation of swallowing I	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
10	10th Week: Laryngoscopic evaluation of swallowing II	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
11	11th Week: Application	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
12	12th Week: Student presentations	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
13	13th Week: Student presentations	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
14	14th Week: Overview	Reading the article on this week's topic that is uploaded into the system and doing the assignment given.				
Evaluation Methods			Weight(%)			
Midterm Exam			50			
General Exam			50
